Governor,
Here are your draft comments for the In-State Gas Press Conference on Monday, July 7th. I have worked with Meghan Stapleton, Pat, Tom and Joe in putting them together, and everyone is comfortable. Meghan is also putting together a draft press release for your offices use.

Additionally, Tom, Pat, Joe and I will be calling multiple individuals to give them a heads-up of the announcement late on Sunday and early Monday.

Please let me know if you need anything further.
Thanks,
Marty

I am late getting into this discussion but some thoughts for the friends I am absolutely proud to be with. I think the collective we are doing great. We have been through a really tough time and all of us have been personally attacked for doing what is right. That is stressful. Seems like this has taken an eternity, yet we are soooo close to the goal.

I have had the opportunity to hear and be part of the proposal being developed for Monday Privileged or Persor. Our success has been to question, argue and harden ourselves for the next round of questions. Let's keep it up. Better in house than out house.

I hope you have a special July 4th. As we celebrate our country's freedom, I think in our own way we are now fighting for our state's freedom. God bless you all. Tom

Subject: In-State Gas concept paper for Monday's Press Conference

Governor, Kris,

Here is what I believe to be the "final" concept paper for the "In-State Gas" Conference on Monday. This paper has the blessing of both ANGDA and ENSTAR and this is the concept we are all working off. And, hopefully, their comments will be pegged off it as well. The following

people will be at the press event, although other representatives from the entities may show-up:

ENSTAR:

Gene Dubay, Executive VP & COO for Continental Energy Systems (owner company of ENSTAR)

Colleen Starring, Regional VP for ENSTAR

ANGDA:

Scott Heyworth, Acting Chairman

Harold Heinze, CEO

Administration:

Tom Irwin, DNR

Pat Galvin, DOR

Joe Balash, Gov's Ofc

Marcia Davis, DOR

Marty Rutherford, DNR

I have advised everyone that the press conference is scheduled for 1:00pm on Monday, July 7th, in your Anchorage Conference Room. They have also been advised that you will be announcing this formation of a project development venture (a public/private partnership) and will be laying out the concept, followed by Gene Dubay, Scott Heyworth and Harold Heinze making brief statements. I have asked everyone to be at your offices about 15 minutes ahead of time as you may want to go into the Conference Room together.

I will be using this paper to put together some talking points for you, Governor. Should you wish anything else, please let me know. My cell phone #: 317-4728.

Also, we have identified a series of people to pre-message this announcement to and we will be making those calls on Sunday evening and early Monday.

Thanks for all your support, Governor, and for your recognition that dealing with in-state gas needs is critical! It was a great insight that I believe will push the AGIA License over the edge!

Marty
